Subject: LATE TESTIMONY - Medical Enterprise Zone

It is critical that we have this approved. We have lived on the West Side for 16 years and we have a business in Lahaina. The hospital care is so critical on this side of the island. I had twins and barely made it to the other side for care. I almost lost one of them because of the time it took to go to the other side when they were born. We also see tourists with emergency life threatening situations all the time in Lahaina.
