
A BILL FOR AN ACT

RELATING TO HIGHER EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the University of
2 Hawaii system currently has a backlog of deferred repair and
3 maintenance projects totaling over \$480,000,000. Simply
4 complying with building code and health and safety requirements
5 across all campuses of the University of Hawaii system will cost
6 over \$38,000,000 in fiscal year 2014-2015. These costs do not
7 include the additional \$50,000,000 to \$60,000,000 in repair and
8 maintenance costs necessary to maintain all of the university
9 campuses yearly.

10 The legislature further finds that eighty-five thousand
11 students use facilities at university campuses system-wide. It
12 is essential to the future of the University of Hawaii and its
13 students and faculty that a safe and proper learning environment
14 be provided and maintained.

15 The legislature declares that the backlog of deferred
16 repair and maintenance projects of the University of Hawaii
17 system is a matter of statewide concern and therefore subject to
18 the purview of the legislature pursuant to article X, section 6,

1 of the Hawaii State Constitution. Accordingly, the purpose of
2 this Act is to establish a means to manage the funding of
3 necessary repair and maintenance projects at University of
4 Hawaii campuses statewide.

5 SECTION 2. Chapter 304A, Hawaii Revised Statutes, is
6 amended by adding a new section to part VI, to be appropriately
7 designated and to read:

8 "§304A- Campus facility board; established. (a) There
9 is established within the University of Hawaii a campus facility
10 board that shall consist of the following members: chancellors
11 from each campus of the university or the chancellor's designee,
12 the chairperson of the University of Hawaii board of regents
13 standing committee on budget and finance, and the chairperson of
14 the University of Hawaii board of regents standing committee on
15 planning and facilities.

16 (b) The chair of the campus facility board shall be
17 selected by and from among its members.

18 (c) The campus facility board shall evaluate and identify
19 all amounts appropriated by the legislature for repair and
20 maintenance and shall evaluate, identify, prioritize, and
21 allocate moneys from the amounts appropriated by the legislature

1 to fund repair and maintenance projects of the university
2 statewide.

3 (d) The campus facility board shall submit to the
4 legislature, no later than twenty days prior to the convening of
5 each regular session, a report that includes:

6 (1) The total amount of funds budgeted for repair and
7 maintenance;

8 (2) The total amount of funds spent on repair and
9 maintenance;

10 (3) An evaluation and inventory of any deferred
11 maintenance backlog;

12 (4) A schedule showing all repair and maintenance project
13 expenses by project, including all work in progress,
14 as applicable;

15 (5) A schedule showing all projects completed in the
16 previous year, including the final cost for each
17 completed project;

18 (6) An updated list detailing all remaining repair and
19 maintenance projects on all university campuses
20 statewide;

21 (7) A report, which shall also be submitted to the
22 University of Hawaii office of internal audit,

1 detailing all projects over \$5,000,000 that were
2 delayed or experienced cost overruns; and
3 (8) The overall state of campus facilities."

4 SECTION 3. New statutory material is underscored.

5 SECTION 4. This Act shall take effect on July 1, 2050.

Report Title:

University of Hawaii; Repair and Maintenance

Description:

Establishes the Campus Facility Board to address repairs and maintenance at the University of Hawaii. Effective 7/1/2050.
