# A BILL FOR AN ACT

RELATING TO THE HAWAII HIGH IMPACT CENTER FOR COMMERCIALIZATION.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that to be successful in  
2 the twenty-first century global economy, Hawaii must position  
3 itself as a leader in technology development, transfer, and  
4 commercialization. Significant progress has been made in the  
5 past years through programs supported by federal and state  
6 initiatives, but more is required to move Hawaii's technology  
7 industry to support local manufacturing and technology  
8 commercialization. Innovation in the science and technology  
9 fields will not only enable the State to succeed in the global  
10 marketplace, but will also support the State's sustainable  
11 economic development goals.

12           The purpose of this Act is to build on the successes of  
13 Hawaii's science and technology industries and establish a  
14 commercialization program, Hawaii High Impact Center for  
15 Commercialization (HI-Impact), to support Hawaii-based small  
16 businesses in the fields of dual-use technology, agriculture  
17 development, molecular manufacturing, humanitarian assistance,  
18 and disaster management and response.

1 SECTION 2. Chapter 206M, Hawaii Revised Statutes, is  
2 amended by adding a new section to be appropriately designated  
3 and to read as follows:

4 **"§206M- Hawaii high impact center for commercialization.**

5 (a) There is established the Hawaii high impact center for  
6 commercialization, to be commonly known as HI-Impact, to support  
7 Hawaii-based small businesses in the fields of dual-use  
8 technology, innovative agriculture development, molecular  
9 manufacturing, humanitarian assistance, and disaster management  
10 and response. The center shall be placed within the high  
11 technology development corporation for administrative purposes;  
12 provided that the Hawaii high impact center for  
13 commercialization may incorporate as an independent nonprofit  
14 corporation to further its objectives.

15 (b) The purposes of the center shall be to:

16 (1) Develop, implement, and operate a comprehensive  
17 technology transfer and commercialization system to  
18 help Hawaii's technology industry include a  
19 manufacturing readiness program, which shall enable  
20 the State's science and technology sector to prepare  
21 for manufacturing, sales, and services;

- 1        (2) Provide capital to support accelerated  
2        commercialization activities in the fields of dual-use  
3        technology, innovative agriculture development,  
4        molecular manufacturing, humanitarian assistance, and  
5        disaster management and response;
- 6        (3) Provide capital for high-potential business  
7        infrastructure development that helps the enterprise  
8        achieve commercial success;
- 9        (4) Promote high-quality, high-income job opportunities  
10       for Hawaii's residents and graduates of Hawaii's  
11       educational institutions;
- 12       (5) Provide livable-wage jobs to encourage talented  
13       scientists and engineers to return home to jobs in  
14       Hawaii; and
- 15       (6) Keep high technology companies in Hawaii by limiting  
16       the need to seek out-of-state venture capital, which  
17       dilutes local ownership.
- 18       (c) If the center incorporates, to qualify for state  
19 funds, the center shall:
- 20       (1) Be incorporated pursuant to chapter 414D;  
21       (2) Agree not to use state funds for entertainment or  
22       lobbying;

1       (3) Be a nonprofit organization exempt from the federal  
2       income tax by the Internal Revenue Service;

3       (4) Maintain bylaws or policies specifying how grant or  
4       subsidy awards for activities or services shall be  
5       conducted or provided; and

6       (5) Maintain a governing board of directors consisting  
7       entirely of persons who have no material conflict of  
8       interest and who serve without compensation.

9       (d) The center may seek, receive, and accept from public  
10      and private sources, whether located within or out of the  
11      United States, grants, gifts, devises, bequests, or any other  
12      money or property, real, personal, or mixed, tangible or  
13      intangible, absolutely or in trust, to be used in carrying out  
14      the purposes of the center.

15      (e) For purposes of this section, "center" means the  
16      Hawaii high impact center for commercialization."

17           SECTION 3. There is appropriated out of the general  
18 revenues of the State of Hawaii the sum of \$                    or so  
19 much thereof as may be necessary for fiscal year 2014-2015 for  
20 the Hawaii high impact center for commercialization.

21           The sum appropriated shall be expended by the high  
22 technology development corporation for the purposes of this Act.

1 SECTION 4. New statutory material is underscored.

2 SECTION 5. This Act shall take effect on January 20, 2050;

3 provided that section 3 shall take effect on July 1, 2014.
